#### **How to Purchase**

For more information or to purchase any of these courses with a credit card, please visit: [flightsafety.com/eLearning](http://flightsafety.com/eLearning)

## About eLearning

We deliver web-based courses that are entirely self-paced. Log on whenever and as often as needed until you complete the course.

Our LiveLearning courses are web-based and instructor-led, providing all the benefits of being in the classroom, without ever having to leave the comfort of your home.

Our Learning Management System tracks your progress and returns you to where you left off. Once you've completed the course and successfully passed the test, you are awarded a certificate of completion. You can access and print your eLearning Records of Training through myFlightSafety.com.

## Tracking by Chief Pilot or DOM

Upon request, we can email weekly progress reports to the administrator of any account.

## Technical Support

FlightSafety eLearning technical support analysts are available by telephone during normal business hours and via e-mail after hours.

## Computer System Requirements

- Display setting of 1024x768 or greater
- Sound card with speakers or headset
- Flash v9.0+
- Internet Explorer 6+ or Mozilla Firefox 1.5+

To test and install the WebEx client, please go to :<http://www.webex.com/lp/jointest/>

## ThinkSafety.

FlightSafety International is the world's premier professional aviation training company and supplier of flight simulators, visual systems and displays to commercial, government and military organizations. Our company provides more than a million hours of training each year to pilots, technicians and other aviation professionals from 154 countries and independent territories. FlightSafety operates the world's largest fleet of advanced full flight simulators at Learning Centers and training locations in Asia, Europe, North and South America, the Pacific Rim, South Africa, and the United Kingdom.
