

## Description

Cold weather hazards are the primary meteorological cause of aviation incidents and accidents worldwide. Learn how to keep your aircraft, crew and passengers safe with FlightSafety's updated Winter Operations Course. This is the most comprehensive online training course on cold weather hazards for flight department personnel and has been updated for the 2009/10 winter season.

NEW!! This course reflects the FAA's 2009/10 Holdover Time Tables, covers the new polished frost rules, includes an explanation of cold temperature altitude corrections, and reviews a new accident scenario.

## Features and Benefits

- Learn how to operate safely in cold weather conditions
- Interactive, engaging, self-paced course
- Available anytime and anywhere via the internet
- Counts two hours towards the Inspection Authorization (IA) renewal
- A library of resource documents, including the 2009/10 holdover time guidelines, available for download
- Many user friendly enhancements including a search engine, glossary, bookmarks, notepad and more

## Course Objectives

Cold Weather Operations 2009/10 provides flight department personnel with knowledge of the concepts, procedures, and guidelines that govern safe operations within a cold weather environment. It includes summaries of aviation accidents attributed to inadequate pre-takeoff inspections, inadequate de-icing and anti-icing procedures, and insufficient awareness of in-flight icing hazards. Cold Weather Operations 2009/10 includes the following topics:

- Introduction and Course Overview
- Ground Icing
- Deicing, Including use of the 2009/10 Holdover Time Tables
- Anti-Icing, Including use of the 2009/10 Holdover Time Tables
- In-flight-Icing
- Cold Weather Operational Takeoff
- Cold Weather Operational Approach and Landing
- Runway Visibility, Contamination and Related Considerations
- Post-Course Assessment (Exam)

## Target Audience

Pilots, flight attendants, maintenance technicians, and line personnel who need familiarity with winter operations

## Regulatory Requirements

American, European and Canadian Requirements.

## How to Purchase

For more information or to purchase this course, please visit our eLearning website: [www.flightsafety.com/elearning](http://www.flightsafety.com/elearning)

## Price

\$275 USD/person (Cold Weather Operations can be purchased on its own or as part of the Enrichment Library)

## Time Commitment

2 hours

## Delivery

100 percent web-delivered and self-paced

## Credit

FlightSafety certificate of completion

## About eLearning

We deliver web-based courses that are entirely self-paced. Log on whenever and as often as needed until you complete the course.

Our Learning Management System tracks your progress and returns you to where you left off. Once you've completed the course and successfully passed the test, you are awarded a certificate of completion. You can access and print your eLearning Records of Training through myFlightSafety.com.

## Tracking by Chief Pilot or DOM

Upon request, we can email weekly progress reports to the administrator of any account.

## Technical Support

FlightSafety eLearning technical support analysts are available by telephone during normal business hours and via e-mail after hours.

## Computer System Requirements

- Display setting of 1024x768 or greater
- Sound card with speakers or headset
- Flash v9.0+ and Java v1.5+ (freely available)
- Internet Explorer 6+ or Mozilla Firefox 1.5+

Our system will perform a quick test on your configuration, and guide you through any downloads you may need.

## ThinkSafety.

FlightSafety International is the world's premier professional aviation training company and supplier of flight simulators, visual systems and displays to commercial, government and military organizations. The company provides more than a million hours of training each year to pilots, technicians and other aviation professionals from 154 countries and independent territories. FlightSafety operates the world's largest fleet of advanced full flight simulators at Learning Centers and training locations in the United States, Canada, France, Japan, South Africa and the United Kingdom.
